VOTING EXPERIENCE BY THE STUDENTS

FIRST VOTING EXPERIENCE

First of all, this is my first experience of polling in my lifetime before attaining the legitimate age for voting. It's quite new for me to encounter this type of electing leaders in the school level. I feel the essence of democracy through this experience. I'm happy that the people I have voted are being selected as leaders. This type of voting has never happened in our school before. I thank our beloved principal for creating this opportunity.
